

March 27, 1999

Dear Dr. Schrock -

Terry and I want to thank you so much for your excellent surgery your kindness and consideration in our time of need on Feb. 21 and I must add for being such an upbeat kind of person who would not admit to any road-blocks or looming defeats.

We had to leave from Miami on Tuesday since there were no available reservations from Fort Lauderdale on Monday or Tuesday.

Our orthopedist here at home was very pleased with what he observed on the X-Ray. The elbow is doing very well. The cast is due to come off on April 5th just four days before our fiftieth wedding celebration. If you ~~and~~ your wife can make it - just give us a call!

Please, again accept our sincere
and heartfelt thanks for all of
your thoughtfulness - you took the
nightmare away -

With best wishes for all
good things -

Judith Marks
